

## Expression of Interest

### **BluEarth Renewables Inc. and the shíshálh Nation invite the artists of shíshálh Nation to submit an application of original artwork for the logo of the Narrows Inlet Hydro Project**

#### **About the Project**

The Narrows Inlet Hydro Project is a hydroelectric project located within shíshálh Nation territory approximately 75 km northwest of Vancouver and 50 km north of the town of Sechelt situated at the northern end of the Narrows Inlet, in the Tzoonie River Valley. The Project consists of three small hydro generating stations and will have the capacity to generate 33 megawatts (MW).

#### **About BluEarth**

BluEarth Renewables Inc. is a private independent renewable power producer focused on the acquisition, development, construction and operations of wind, water and solar projects. With the most experienced renewable energy development team in Canada, BluEarth's mission is to be Canadian renewable energy leader by developing, building and operating a portfolio that optimizes people, planet and profit. BluEarth believes it has the power to change the future by demonstrating how to be sustainable and profitable, leaving the world in a better place.

#### **About shíshálh Nation**

shíshálh Nation is proud of our heritage and community values. Our spectacular scenery and natural resources in the territory have sustained our people and way of life for centuries. shíshálh Nation is a partner in the Narrows Inlet Hydro Project and is actively involved in the permitting, development, contracting and employment activities. The successful development of low-impact projects such as this in our territory is critical to ensuring we enforce careful stewardship over impacts in our territory while also benefiting from clean and sustainable development initiatives.
